Activities and team building

Your group will be spoilt for choice with our activities and team building options. Our groups activities specialist provides fully customised programs ranging from 1-hour to multi-day schedules. From youngsters through to teenagers, children will love our sand castle building competitions, archery tag, mini golf, sports activities, arts and crafts, tennis, environmental exploration, and team and character-building programs.

Entertainment

At our parks and resorts, the fun doesn't stop when the sun goes down, with entertainment including bingo, trivia and movie evenings after a delicious dinner or camp kitchen cookup. We can also organise local experts to tell Australian folklore tales or host star gazing activities.

Safety and COVID

While our parks are naturally spacious, your safety and security remain our top priorities. Adhering to our COVID Safety Plan and Child Protection Policy, practices in place include reduced contact check-in, enhanced cleaning and social distancing. Each of our locations offers comprehensive security features including coded boom gates and security cameras.

Food and beverage

Whether you're after an authentic camping experience by cooking on one of our many BBQs or in the camp kitchen, or prefer a tailored catering experience offering continental or hot breakfast, takeaway lunch packs and delicious dinners, we can cater to your group's needs.

Accommodation

With a range of options, whether you want to sleep under the stars, wake up to the sounds of local wildlife, or hear the waves crashing outside your cabin or bunkhouse, your friendly Groups Specialist will find something to suit your needs.

Our cabins and bunkhouses are secure with individual keys, include linen and cater to one bed per child.

Accessibility

At NRMA Parks and Resorts, we offer an inclusive environment, and will always ensure that activities and a minimum of one accessible accommodation room at each of our parks cater to all children.

Accessible activities include water chairs and beach wheelchairs[^], and our programs can be tailored or modified to offer quiet zones and designated areas to ensure every child can enjoy a life-changing experience.
